

POWERING OUR ECONOMY

The Port of St. John's is a strategic transportation hub and a powerful economic engine for Newfoundland and Labrador.

Through its core sectors, the Port supports thousands of jobs and drives hundreds of millions in economic activity each year, the effects of which ripple across our city, our province, and our region.

Economic Impact Highlights 2023–2026

\$559.1M

total economic impact generated,
projected to grow to \$640M by 2026

\$452M
